# An Introduction

---

In introducing our 1932 catalogue, we would like to take the opportunity of again thanking our many customers for their past favors and to express the hope that they will continue to give us their support in the future. We, on our part, will do all in our power to justify our claim of being the **Leading Leather Goods Mail Order House in Western Canada.**

It has been, and always will be, our endeavor to give our customers the finest possible quality obtainable at the lowest possible prices.

By now you are no doubt aware that all our Harness and Saddles are manufactured in our own workshops by highly skilled workmen.

The justly famous Riley & McCormick Saddles need no comments and are in fact our best advertisement in themselves.

Our Mr. McCormick, who is a practical Saddle Maker with years of experience, supervises the construction of every Saddle and none are allowed to leave the workshop until they are perfect in every detail.

We can change the tree in any Saddle, also stamping, in fact we will make any saddle you ask for to your design.

## REGARDING COWBOY BOOTS

We have greatly improved the style and reduced the price. We are using only first class leather and making a boot to fit and wear well. We also make English Riding Boots for ladies and men.

## A FEW WORDS ABOUT OUR HARNESS

Our chief aim is to make good reliable Harness at a moderate price. Our prices are equal to wholesale, but our goods have the advantage of being better made as we employ no Piece Workers. We find that in this way we get better results, more care and attention being given to each part turned out.

You take no risk ordering from this Catalogue, as we can give you better value than you can possibly procure from Shops or Stores.

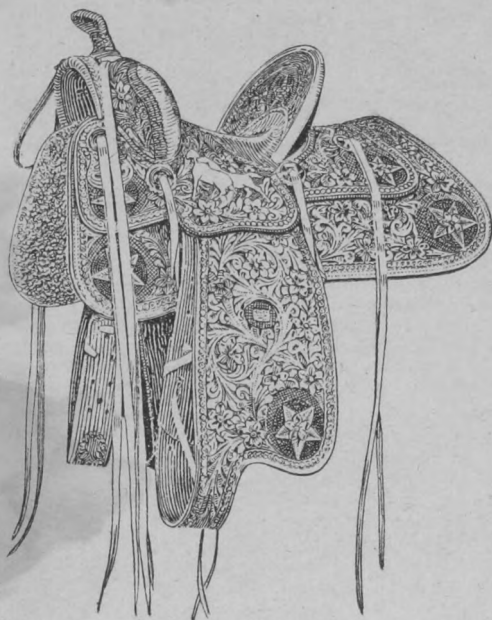

We realize that a satisfied customer is our very best asset and we leave nothing undone on our part to keep our Customer's friendship for our mutual advantage. You will notice that prices are greatly reduced.

Please note that all illustrations in this catalogue are reduced in order to get them in. Please read descriptions to get a true idea of sizes. The first 13 saddles are heavy stock models as used daily in range work.

August 10th, 1932—Good until another Catalogue issued.

## THE KING'S CHOICE

This is the Gem, a real work of art; the design and work compares favorably with Miller's Famous Saddle of the 101 Ranch, which was the best saddle ever made in the States. It is built on the "Cole" tree of our own design, with a guaranteed Sampson steel fork, and the material throughout is the best. The skirts are 30 x 16, the stirrup leathers are 3-in. with 10-in. fenders in one piece. The cantle, seat and front jockey are also one piece. Three-quarter rig style with the flat Hercules Ring, 2-in. latigoes; any first-class stirrups and cinchas. Weight 40 lbs.

The front and cantle are bound with white leather and the strings and buttons are white with solid nickel conchas and horn cap.

No. 300

Price

**\$90.00**

A powerfully built saddle; will last for one hundred years. It is fully hand stamped, neat design. It is made on our improved Taylor tree with a 17-in. bulge, Sampson steel horn and dished cantle, and rigged with our never-slip easy rigging, with 1 $\frac{3}{4}$ -in. latigoes. You will note the stirrup leathers are one piece, also the cantle, seat and front jockeys are one piece. The skirts are 30 x 14 $\frac{1}{2}$ , stirrup leathers 3-in. and fender 9-in. The saddle is made of the very best material throughout and fitted with any first-class stirrups and cinch desired. Weight 38-lbs.

THE FORM FITTER

Price

As illustrated ----- \$90.00

Basket stamped ----- 76.00

Plain ----- 68.00

This Saddle is built on the Form Fitter Tree, the shape of this tree lends itself remarkably well to the shape of the Rider, having a very wide well dished Cantle. The front is exceptionally well shaped, allowing the thigh to rest easily under front swell. The seat being properly balanced makes an exceptional saddle both for comfort and strength. The hand stamping is an unusually fine example of the Acorn pattern, the artistically decorated seat and front jockeys are one piece, the stirrup leathers are 3-inch, fenders and skirts are large, horn rawhide braided. Fitted with our never-slip easy rig, best fishcord cincha and any first class stirrup desired. Weight about 38 lbs.

**\$75.00**

This is a new design of Saddle on the famous "Calgary Red" tree with 15-in bulge and good wide back cantle with a medium dish. A perfect low sitting saddle for breaking bronchos or roping on the range. The front bulge is so shaped as to allow the leg to pass up the neck of horse without obstruction for high scratching. It is made of Franks' best California skirting and will wear for many years. The tree is extra strong and a perfect fit. The seat, side and front jockeys are in one piece. This type of seat is unquestionably the best. Front is neatly laced. Fenders and stirrup leathers in one piece full size. Rawhide braided or wrapped horn to order. Skirts 28-in x 14½-in., with rounded corners, lined with best California wool skin, fitted with easy rig rings. 1¾-in.

latigos, fishcord cincha with wool lined safes, and first class stirrups. The hand flowered stamped border with brown leather binding and buttons, makes a very pretty saddle. We highly recommend this saddle for all-round work. Weight about 35 pounds.

# Directions for Ordering

---

Two order forms are enclosed at the back of each catalogue. If you require further copies we will be pleased to supply them on request, but should you not have a regular form, make your order out on any plain sheet of paper, stating as clearly as possible your requirements. On the back of each order form will be found self measurement form to assist in making out your order for Cowboy Boots or Chapps.

WRITE YOUR NAME PLAINLY, also the name of your Post Office and nearest Railway Station or Express Office.

For the protection of our customers we Insure all parcels sent by parcel post as this course guarantees you against loss of parcels in transit. The charge for this service is 3c. for every \$10.00.

Give name and number of article as shown in the catalogue. It is unnecessary to send page or part of page from catalogue.

We will make any class of saddle required.

We will be pleased to supply buckles, rings, snaps, etc., as we stock all kinds of harness hardware, also driving whips and any parts of harness or saddles.

## HELPS FOR ORDERING SADDLES

When ordering a Saddle don't fail to state the length of tree required, and height and weight of rider. If a wider swell than the regular is wanted, add \$2.00 for each additional inch. For Saddles over 16 inches in length, add \$3.00.

Nickle or Brass Horn will be supplied to order, price \$3.50 extra.

We put initials or brands on any Saddle without extra charge.

Aluminum Stirrups are not supplied with Saddles except at extra charge.

On all saddles from page 1 to 7 we can change the tree and put in any of the following: Lee Robinson, Cannutt, Association, Tipton, Form Fitter, or any other first class tree desired.
